

How to Read a Program Evaluation

The Program Evaluation, also known as a Degree Audit, displays the requirements for your specific degree and documents the courses you have used to satisfy each of those requirements. The Program Evaluation is the most useful tool for tracking your progress toward graduation and you should review it frequently. Every student begins with an Undeclared program, which reflects the General Education requirements. Once you declare a major and/or minor those requirements will also be added into the Program Evaluation.

 THIS REPORT IS INTENDED TO BE AN ACCURATE REFLECTION OF YOUR PROGRESS TOWARD YOUR DEGREE. YOUR MAJOR/MINOR DEPARTMENT CHAIR MUST INFORM THE REGISTRAR OF ANY SUBSTITUTIONS FOR THAT PROGRAM, INCLUDING ANY TRANSFER CREDIT THAT MAY APPLY. PLEASE REPORT ANY OTHER DISCREPANCIES TO THE REGISTRAR'S OFFICE (reg@lclark.edu).

CAUTION * CAUTION * CAUTION * CAUTION * CAUTION

Credits shown below may reflect the following types of credits that cannot be counted toward your degree: 1) Credits beyond the 60 semester hour maximum in any one academic department, 2) Credits for repeated courses, 3) Credits for PE/A 101, 102, 141 or 142 beyond the maximum of 4 semester hours.

This means that courses will appear on the program evaluation even if they may not count toward degree requirements (i.e. repeated courses, excess PE credits). Contact your Advisor if you have any questions about this.

This evaluation does not consider the minimum number of credits required for majors or minors.
 Also, this evaluation does not consider the overlap between double majors or minors. Remember that each major must have 28 discrete credits and each minor must have 12 discrete credits.

Program Summary: (In Progress)

	Required	Current Earned	Current Remaining	Anticipated Additional	Anticipated Remaining

(*) Anticipates completion of in-progress and registered courses

At least 60 credits must be earned at LC

128 total credits are required to graduate

2.0 cumulative GPA required to graduate

This is the number of credits for which you are currently registered. This includes "IP" (In-Progress) courses and "PR" (Pre-registered for the upcoming term) courses

This is the number of credits needed to reach 128 credits once the "Anticipated Additional" credits are complete

General Education Requirements

General Education requirements are determined by the Catalog year of your program. If you think that a course should be used to satisfy a requirement, but is not reflected on your program evaluation, please contact the Registrar's office. It is sometimes the case that newer courses must be manually placed into general education requirements.

Major and Minor Requirements

Course Substitutions: Like General Education requirements, Major and Minor requirements are determined by the Catalog year of your program. If you think that a course should be used to satisfy a requirement but is not reflected on your program evaluation, you should contact the Chair of your major. Some courses – such as Topics classes like ENG-333, have to be placed into the requirement manually, as the topic has to be verified. Courses that fall outside of the Major or Minor requirements as defined by the Catalog year of your program can be placed by the Department Chair with a Course Substitution form, available in the Registrar’s office.

Discrete Credits in the Major/Minor: Please note that each major must have 28 discrete credits that are unique to that Major. Each Minor must have at least 12 discrete credits unique to that minor (some minors require more).
