

THE L&C BUZZ

Hi, new student!

Registration for fall semester classes opens this Wednesday!

Remember that you are already registered for your First-Year Seminar course. You will register for one 4–5 credit course on **July 30** and the rest of your credits on **August 1**.

Here are some tips and tricks to make sure you're ready to go on Wednesday:

1. Create a list of course options for fall. Your ideal schedule might involve one or more general education courses, 1-2 courses that let you explore a possible major/minor, and maybe a course “just because” it sounds interesting, captures your imagination, or speaks to your passions.
 - a. [**This webpage**](#) lists course suggestions for each major/minor, and is a great place to start when developing your course list.
2. Log into [**WebAdvisor**](#) and put your course options into a Preferred Sections list, which is like a shopping cart. When it comes time to register, you can easily return to this list to complete your registration.
 - a. [**This video tutorial**](#) shows you how to put classes in your list.
3. Add 5–7 back-up class options to your Preferred Sections List in WebAdvisor so that if a particular course is full when it is your turn to register, you will have another option ready to go.
4. Review this [**Registration Troubleshooting webpage**](#) for additional help.
5. Don’t hesitate to directly connect with your advisor, who you can find in your student portal, by [**sending an email or attending their drop-in Zoom hours**](#).

Most importantly, don’t wait until the last minute to plan for registration! Being prepared is the best way to have a smooth and stress-free registration.

Advice From a Current Student

"I would advise anyone coming to L&C to join a club. They are a great way to meet people and make new friends. I would also encourage everyone to check out the trails behind campus! They are absolutely beautiful and a nice place to go and relax."
